COMPLETE VICTORY IS NECESSARY SAYS JAPANESE STATESMAN

Viscount Ishii, in Address Before U. S. Senate, Declares Purposes for Entering War.

Would Make World Safe for All So That Nations Can Work Out Destinies Untrampled by Fear.

By Associated Press Dispatch. WASHINGTON, August 30—Japan's mission, led by Viscount Ishii, was received today by the Senate at a ceremony at which Senator Salisbury, president pro tem, welcomed the visitors in the absence of Vice President Marshal, and Viscount Ishii made an address bearing a message of friendship and good will.

Viscount Ishii addressed the Senate part as follows:

"We of Japan took up arms against Germany because a solemn treaty was not to us 'a scrap of paper.' We did not enter into this war because we had any selfish interest to promote or any ill-conceived ambition to gratify. We are in the war, insist upon being in it, and we shall stay in it because earnestly as a nation and as individuals we believe in the cause for which we stand, because we believe that only by a complete victory can there be made an honorable and permanent peace so that this world can be made safe for all to live in and that all nations can work out their destinies untrampled by fear."

"Mr. President and gentlemen, whatever the critic has informed or the higher slanderer may say against us, in forming your judgment of Japan only use the splendid ability that guides this nation."

"The criminal plotter against our great neighborhood takes advantage of fact that at this time many things must remain untold and unrecorded in the daily newspapers but we are satisfied we are doing our best."

"In this world, as we move together to a certain victory, America and Japan must have many things in which we can help the other. We have much in common and much to do in concert. That is the reason I have been sent and that is the reason you have received me."

TO CHECK UP MINING COSTS

By Associated Press Dispatch. COLUMBUS, O., August 30.—The Federal government has granted Governor Cox's request to send accountants to Ohio immediately to check the costs of mining coal. Federal trade commission accountants will arrive next Tuesday, according to Fred C. Croxton, of the Ohio Defense Council, who returned today from Washington. State accountants will aid the federal experts. Data collected on coal mining costs will be added to that already in the hands of the Federal Trade Commission and used by the President in fixing the cost of coal at Ohio mines.

RUSSIAN CITY IS DESTROYED

Associated Press Cable. PETROGRAD, August 30.—Many persons were injured in a fire which broke out in the city of Kazan on the Zeraanka river, 430 miles east of Moscow on Monday.

The flames spread rapidly and caused much destruction. Martial law has been proclaimed.

RESIGNATION OF POLES IS LATEST BLOW

Polish Council Quits in Body and Send Message to Kaiser Asking for Change.

Associated Press Cable. COPENHAGEN, August 30.—The Berlin Lokal Anzeiger reports that the entire Polish council of state has resigned.

The great underlying cause responsible for the decision to abandon its attempt to organize a government under the proposed German protectorate is said to be the change in the Polish attitude resulting from the Russian revolution.

The direct reasons to be sought, however, are in the great hesitation and delay of the Austro-Hungarian-German powers entrusting to the Polish authorities the conflict over the Polish army in which the Germans wish to incorporate their own forces and the German determination to exclude Lithuania from the new kingdom.

The Poles insist that the kingdom be proclaimed and have telegraphed Emperor William asking that Vilna be included in the protectorate.

When debate opened Senator Underwood spoke in favor of the substitute providing mainly for a tax of 75 per cent on profits based on capitalization of 20 per cent and over.

Pending today was a petition for cloture signed by 56 Senators in an effort to eliminate debate and hasten passage of the bill.

Senators Simmons who presented the petition will seek a unanimous consent to fix a date for vote on the measure before demanding action on cloture.

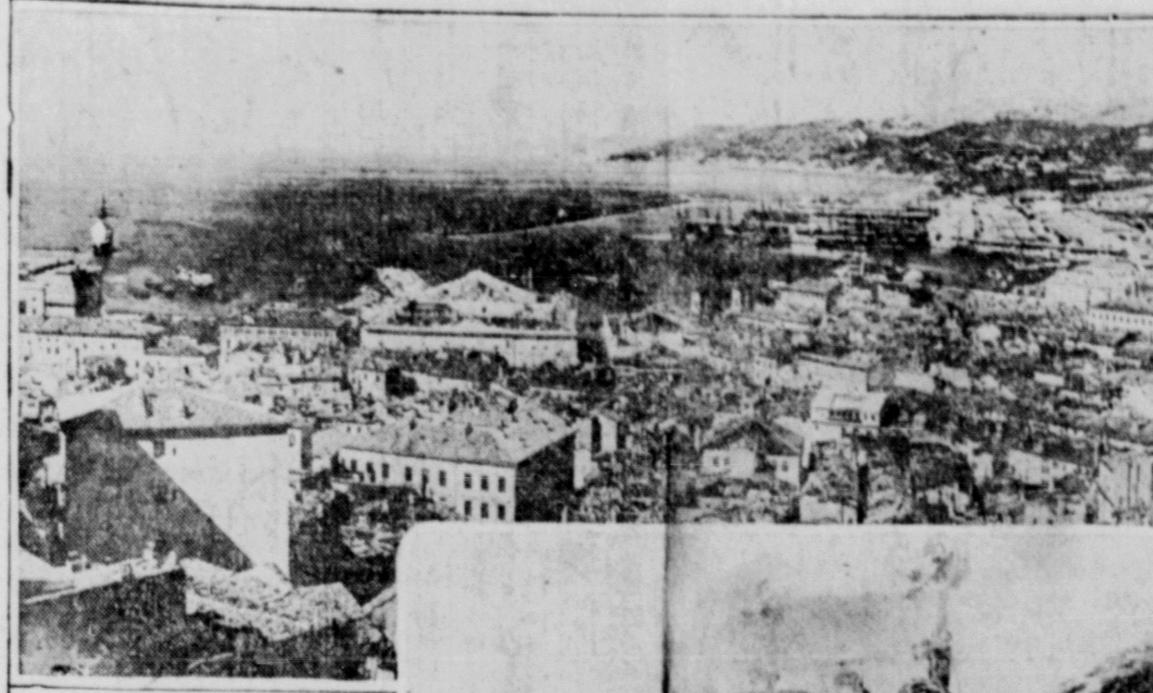

TEUTONS ADJOURN CONFERENCE UPON NOTE UNTIL LATER

Associated Press Cable. COLUMBUS, O., August 30.—Special agents of the State Public Utilities Commission started an investigation today of reports that the Ohio railroads, overburdened with enormous traffic, are cutting out cars of perishable food products and sidetracking them.

Specific complaints were made against the Pennsylvania in a report to the Commission that cars of potatoes had been sidetracked and that the potatoes were allowed to decay.

Two inspectors under direction of James Dugan, chief inspector, were sent to the scene at the request of the Ohio War Board.

Trieste the Objective of Italian Attack

VIEW OF TRIESTE

TAKING ITALIAN WOUNDED DOWN MOUNTAIN

One of the two pictures shows a panoramic view of the city of Trieste against which the Italian attacks are aimed. Loss of this city will be a very severe blow to the Austrian cause. The other picture illustrates the manner in which Italian wounded are carried by cable down the steep mountains which have barred the Italian's way to Trieste. This city is the principle sea port of Austria-Hungary and the most important depot for the trade of the empire on the Adriatic. It is a bishop's see, the seat of an imperial academy, has a school of navigation and many other schools and educational institutions. There are also extensive manufacturing establishments. Trieste existed in Roman days, but became im-

portant only about the middle of the 18th century, when its growth was stimulated by the Empress Maria Theresa.

DEBATE UPON WAR PROFITS IS UNDER WAY

Petition for Cloture Is Still Pending and May Not Be Brought Into Effect.

By Associated Press Dispatch.

WASHINGTON, August 30.—The long expected Senate debate on war profits, features of the war tax bill, was in full swing today, following the disposal of the publishers.

Factions favoring even higher levies on war profits than the compromise measure were prepared to support the bill.

When debate opened Senator Underwood spoke in favor of the substitute providing mainly for a tax of 75 per cent on profits based on capitalization of 20 per cent and over.

Pending today was a petition for cloture signed by 56 Senators in an effort to eliminate debate and hasten passage of the bill.

Senators Simmons who presented the petition will seek a unanimous consent to fix a date for vote on the measure before demanding action on cloture.

TEUTONS ADJOURN CONFERENCE UPON NOTE UNTIL LATER

Associated Press Cable. AMSTERDAM, August 30.—The German committee named by the German Chancellor to consider a reply to the peace note held its first session Tuesday. Chancellor Michaelis presided at the meeting which lasted about two and one-half hours. The session adjourned until the results of the discussion were available from Vienna, Constantinople and Sofia.

Specific complaints were made against the Pennsylvania in a report to the Commission that cars of potatoes had been sidetracked and that the potatoes were allowed to decay.

Two inspectors under direction of James Dugan, chief inspector, were sent to the scene at the request of the Ohio War Board.

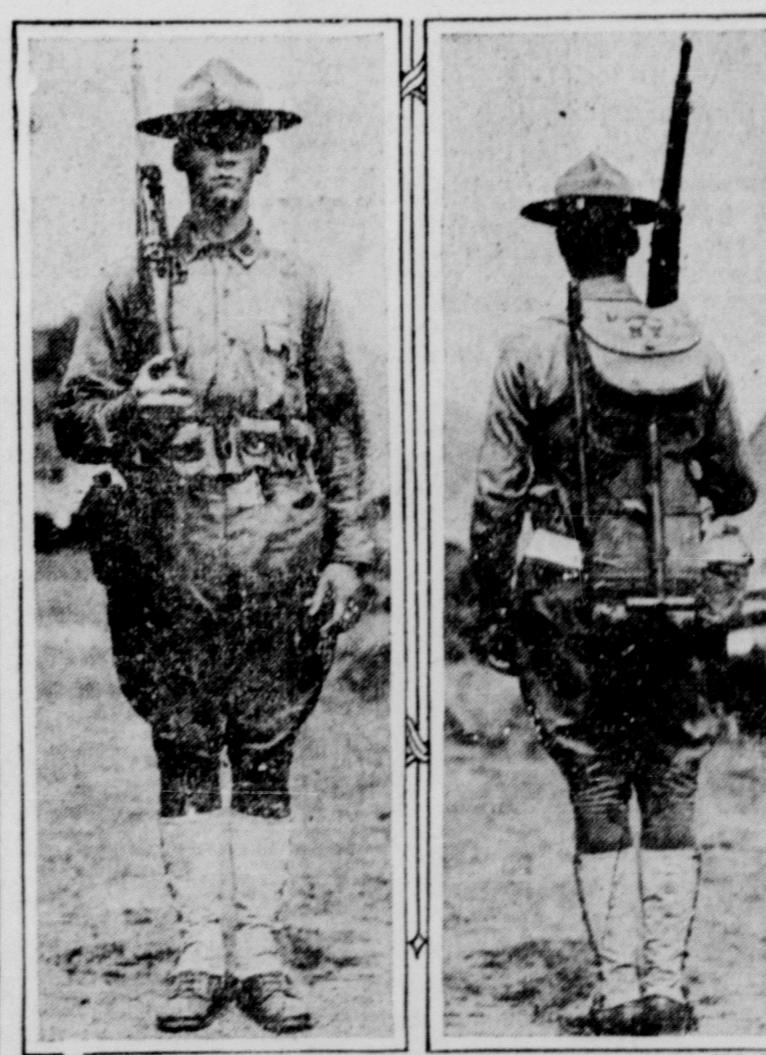

ACCESSORY MEN ARE INDICTED AFTER WAR PLANS MADE BY BRITISH

Associated Press Cable.

London, August 30.—The Joint Committee of Labor Problems after the war is pressing for an immediate decision as to the government's housing policy and declares that 1,000,000 houses ought to be completed within four years from the declaration of peace.

The cost is placed at 250,000,000 pounds including a sinking fund to repay the whole debt within 60 years.

Here's a Yankee Soldier With His Full Equipment For War

These two pictures show a fully equipped American soldier with his mess kit. The outfit includes the portable tent upon which so much care has been expended of late, to provide a shelter that shall be easily erected and taken down light in weight and portable.

COMPARATIVE QUIET FOLLOWS STORM ON WEST BATTLE FRONT

JOHN MARSHAL LAW SCHOOL SUSPENDS

By Associated Press Dispatch.

Cleveland, O., August 30—Announcement has been made by officials of the John Marshall School of Law here that the institution has become affiliated with Ohio Northern university at Ada, Ohio. Future graduates of the law school, which will continue here, will receive their degrees from that university.

Artillery Engagements and Small Infantry Raids Reported.

Italians Repulse the Counter Attacks and Take 560 Prisoners — Work of Subs Reduced.

By Associated Press Dispatch. Military operations on the Franco-Belgian front continue to be of a minor nature, only in contrast with the stirring activities of last week at Verdun and in Flanders.

Today's official report from Paris shows the situation along the French lines to be one of temporary deadlock with nothing more important than artillery combats, trench raids and infantry operations of only local significance. In this last class were two German attacks last night in the Champagne region, which were repulsed.

There was artillery fighting in the Verdun region and similar spirited activity at some points in the Aisne region near Chevres.

Although there was a slight increase in the number of British vessels sunk last week, French shipping suffered less from submarine attacks than in the preceding week. The French losses total four vessels as compared with 9 last week.

Rome today reports the repulse of Austrian counter attacks in the Isonzo region. The Italians held all positions firmly and even gained ground at points. They took 560 prisoners.

ALARM CLOCK BOMB FOUND IN ELEVATOR

Ohio Fire marshal Investigating Attempt to Destroy a Grain Elevator Near Cambridge.

By Associated Press Dispatch.

COLUMBUS, O., August 30.—Investigators of the State Fire Marshal's office were in Guernsey county today to investigate an attempt to blow up a large grain elevator owned by F. H. Nicholson, near Cambridge.

State Fire Marshal Flemming announced today that an infernal machine with an alarm clock attachment was found in the grain house.

Efforts are being made to determine why it was desired to blow up the elevator. The investigators have not yet made their report and it is not known whether to attribute the action to a German plot, personal enmity or because of Mr. Nicholson's activity in prohibition campaigns.

WILL ENDEAVOR TO FILL UP BREACH

Associated Press Cable. PETROGRAD, August 30.—A great proportion of two Russian regiments in the Fokshani region on the Roumanian front left their trenches and retired yesterday, says today's official statement.

The dispersal of one of the regiments followed and measures have been taken to restore the position they evacuated.

ANOTHER U. S. VESSEL SUNK

Associated Press Cable.

LONDON, August 30.—The American schooner Laura G. Anderson was sunk by bombs from a submarine on Thursday.

All members of the crew were picked up and landed at an English port.

The vessel was a four master of 964 tons gross. She was built in 1891 at Bath, Maine, and was owned in Philadelphia.

By Associated Press Dispatch. WASHINGTON, August 30.—The legal contest over the will of the late John R. McLean, millionaire newspaper publisher, was ended today when the local courts granted the petition of Edward B. McLean, his only son, that he be appointed one of the executors of the estate. The trust company named as executor by the testator did not oppose the application.

The suit to set aside the will now abandoned, was brought on the ground that the late Mr. McLean was mentally incompetent to make his will and was subject to undue influence. The dead men were tomato pickers riding to work in a wagon which was struck by a train.

M'CLEAN WILL CASE IS ENDED

Associated Press Dispatch.

ABERDEEN, MD., August 30.—Seven men were killed and two others were seriously hurt at a Pennsylvania railroad crossing near here today.

The dead men were tomato pickers riding to work in a wagon which was struck by a train.

CHECK FOR \$2000 FROM THE JONES ESTATE IS GIVEN

Association Now in Good Financial Condition With \$700 Un-collected—Public Burning of the Mortgage Tomorrow Night

A check for \$2000, the amount subscribed conditionally by the late Hon. Humphrey Jones, to the Y. M. C. A. campaign fund, was received by the management Thursday morning. As a result, at 8:30 Friday evening the mortgage on the Y. M. C. A. property will be publicly burned in the lobby.

With the amount just paid by the Humphrey Jones estate the total amount collected from the campaign for \$16000 which was held some time ago, amounts to more than \$16,500, with \$700 in good subscriptions remaining to be collected, and \$700 in cash in the treasury.

The amount of the mortgages cancelled by the payment of the Jones subscription amounts to \$1300. The Association now has all debts paid and a sum in the treasury sufficient to care for expenses for sometime to come.

The total income of the Y. M. C. A. each year amounts to approximately \$4800 and the total expenses \$6000, leaving a sum of \$1200 to be raised by subscription or otherwise. The board of directors hopes to increase the membership enough to care for this deficiency.

When the mortgages are cancelled

FEED For Hogs and Cattle

We have a lot of good feed from the Sears and Nichols Canning Factory splendid for hogs and cattle. A bargain well worth looking after at once in these days of high prices for feed. Call

the "Y" will be on a sound financial basis and will practically be self-sustaining.

SMALL NUMBER GO FROM THIS CITY

There was a big shrinkage in the number from this city and county attending the State Fair, Thursday, due chiefly to the rain, which quickly decided scores to remain at home rather than take the chance of spending a very damp and disagreeable day on the fair grounds or on the streets of Columbus.

The Wednesday attendance from Fayette was above the average, and most of those going motored up.

A large number of machines from other counties also passed through this city on the way to and from the Fair.

SECRETARY PATTON DELIVERS ADDRESS

To the business and professional men assembled for the noonday luncheon at the Y. M. C. A. Thursday, Secretary Walter Patton delivered his farewell address as secretary of the club.

Walter W. Smith, new Employment Bureau head, was the only new man present, and won his membership with a short speech.

No business of importance was discussed at the session, which was attended by about eighteen men.

WHO WILL KNIT FOR COMPANY M.?

The National League for Women's Service is undertaking to supply knitted sets to our own boys of Co. M. who may soon go to France to fight in the trenches. About 45 sets are already being knitted, but the League needs money to buy wool, and knitters to complete the number of sets.

Let all citizens of town or county who are interested in furnishing these comforts for Co. M. either in money to buy wool or in doing the knitting report to Miss Amy Conn Treas of the League. It is only in this way that these comforts can go direct to Company M.

METHODISTS GET BUSY AT CAMP

During a recent visit of Bishop Wm. F. Anderson to Chillicothe, a committee composed of John P. Phillips, Jerry Morrow, Wilby Hyde, G. W. Plumbly, C. M. Haynes, L. J. Thornton, Dr. S. T. Yapple, Dr. J. C. Jackson, Rev. J. V. Stone and Rev. C. B. Pyle; Mesdames C. V. Yapple, Manly Acton, J. V. Stone, Misses Lora Hackett and Ida Miesse was appointed.

The above named committee met at the office of Mr. John P. Phillips this week, and after electing Dr. J. C. Jackson president, Mr. J. H. Morrow, secretary, and Mr. Wilby G. Hyde, vice president, a resolution was passed to keep the Methodist churches open for the use of soldiers and guests at all times.

The committees will be in charge of entertainment daily.

A committee, composed of the following women, Mesdames Acton, Stone, Yapple and Misses Miesse and Hackett, were assigned the work of getting in touch with all Methodist women in town, who are willing to open a part of their home where soldiers can visit with their parents and guests until public reception rooms can be provided.

Rev. Pyle, Rev. Stone and Mr. Wilby G. Hyde were directed to wait upon the Public Health Department in the interest of increasing the number of health stations in town.

The communication further states

TEACHERS SCARCE IN ROSS COUNTY

Ross county is facing a serious shortage of teachers owing to the great demand and also to the high board which they have to pay. Many teachers refuse to teach on account of the high board, one being asked eight dollars per week in Twin township.

The institute attendance was low on Wednesday, there being one hundred and fifty present. Many who came to attend could not get any place to stay in town and went home. A few have been coming in and out on the Bainbridge train.

The county is short sixteen teachers, there being two short in South Union township, five in Twin, one in Paint, one in Scioto, one in Harrison, one in Franklin, a principal at Frankfort and a high school principal in Liberty.

County Superintendent Whetstone wishes that any teachers having certificates and wanting to teach would get in touch with him soon.

The large majority of the schools will open the tenth of September. The county examinations will be held next Friday and Saturday, August 31 and Sept. 1.—Chillicothe News.

WASHINGTON BUNCH ALL "WELL AND WARM"

A communication from a member of the 2nd Ohio Ambulance Corps, now stationed at Camp Sheridan, Montgomery, Alabama, states that the "Washington bunch" is all well and warm.

The communication further states

that the corps is working hard in the sizzling sun and fighting gnats and mosquitoes.

DONOHUE REUNION

The Donohue reunion was held Sunday along the shady banks of Paint creek near New Holland. The weather was lovely and a big crowd of relatives gathered for a renewing of kinship.

More than fifty members of the family were present and held a merry picnic with games and a general good time. A bounteous dinner was served at noon on long tables.

Those present were: Mr. and Mrs. Geo. Donohue and family, Walter Donohue and family, Glenn Speaks and family, Mary and Oliver Donohue of Washington; Mr. and Mrs. Frank Donohue and daughter, Mr. and Mrs. Tracy Donohue and son, Robert of Farmland, Ind., Mr. and Mrs. Al Judy Mrs. Anna Peitsmyer and son, Kenneth Donohue from Columbus, Mrs. Earl Speaks and children, of Newark, Mr. and Mrs. Jasper Dawson and family, Mr. Nelson Timmons, Mr. and Mrs. Carey Timmons and daughter, Mr. George Bookwalter, of Clarksburg; Mr. and Mrs. Lyle Timmons and daughter of London, Mr. and Mrs. George Gordon, of Bloomingburg; Mr. and Mrs. Jim Timmons and family, Mr. and Mrs. Wayne Garrison and daughter of New Holland.

Peace Proposal Rejected.

In a historical state paper,—in emphatic language which permits of no misconstruction, in ringing words, heard around the world, in words that will echo through all time while men live and struggle toward the light and freedom, as long as men have ideals and strive to attain them, President Wilson has rejected the peace proposal of the Pope.

Prefacing his history making reply, President Wilson expresses the highest regard for the dignity and force with which the proposal is presented and the human and generous impulses which prompted it, but makes it clear that there can be no peace in the world until Germany is either crushed or cured of the malady of Prussian militarism.

If anyone in all this round world heretofore entertained any doubt as to the cause of the war and the attitude of this nation, that doubt should now vanish.

The President's reply is a terrible indictment of Prussian militarism but one wholly warranted by the facts.

The world is arrayed in the last great battle with autocracy and the victory of the people may be postponed but cannot be denied.

It is plain also that the Chief Executive of the United States has been chosen as spokesman by the alliance of nations as the one best able to set forth the principles of world democracy.

While rejecting the proposal of the Pope, the door to further proposals embracing the real issue, is left wide open.

God grant that the German people, with whom only will the nations now deal, may soon awake and act. The world has waited for just such an honest outspoken arraignment of Prussian barbarity, intrigue, treachery and falsehood and clear and concise declaration of purpose as President Wilson has issued.

Sunflowers

If this particular locality can be accepted as typical of conditions throughout the state then Ohio may well dispute, this year, the claims of Kansas to be called the Sunflower state.

The "common old sunflower" has become gorgeous this year in the splendor of its beauty. There are all sizes, shapes and kinds of sunflowers this year in riotous profusion. Some of them are not much larger than the cultivated chrysanthemum and, save for the glorious golden color, resemble very much the popular fall roses but they don't cost near so much.

Sunflowers—especially the cultivated members of the family—are really radiant. They catch and hold the sun's rays in their golden color and brighten up a room with almost the cheer of the sun itself.

The seeds are cheap, the plants hardy and they will thrive in almost any kind of soil, make backyards more sightly and cover up many rickety fences or unsightly sheds.

This year hereabouts the sunflower has proven itself worth while as a thing of beauty and one of man's staunch and reliable friends in the plant kingdom.

The old saying that sunflowers keep away malaria—the old fashioned "chills and fevers" may not be absolutely correct, according to the best authorities, but they are so bright, so cheering and so beautiful, now since resourceful men have improved them, that we are not going to examine the best authorities in an effort to find out whether they are really beneficial to health.

We are going to keep right on believing that it's good for folks to have sunflowers growing in the old back yard.

Is the Submarine Conquered.

The unequivocal statement coming from such an acknowledgedly conservative source as The Wall Street Journal, that American inventive genius has mastered the submarine menace and that the piratical campaign of the German undersea raiders will soon be a horror of the past, is cheering to the people of the world.

We are encouraged, in view of the Journal's well established reputation for not being prone to jump to conclusions, to accept the statement as being warranted by facts as that publication assumes all responsibility for the conclusions announced.

The mastery of the U-boat has been attained by the perfection of devices which accurately locate the undersea craft and keep it within range until it is compelled to come to the surface when its destruction is assured.

The Journal not only announces the theory,—which seems entirely practical, but supplements and reinforces that theory by the statement that actual trial tests of the utmost severity have resulted in proof of its absolute effectiveness.

With the submarine mastered Prussian militarism's last support and hope is gone.

Poetry For Today

THE THREE FLAG.

(By a Great-Great-Great-Grandson of Martha Washington.)

As roseate hues of morning grow
And day emerges from the night,
What do I see that stops the flow
Of blood to heart and dims the sight?

Three banners floating in the breeze,
So bravely waving side by side,
The first two come from o'er the seas,
The third is sure our country's pride.

And God be praised that now at last
Three flags are streaming as if one;
Mistakes and errors of the past

Have gone as mist before the sun.
Flesh of our flesh and bone of our bone.

Brave England's colors wide are flung.

While noble France, her ensign thrown
Her loving greetings loud are sung.
And untold millions raise the skies
In loud acclaim unto our Lord.

That after all the sacrifice

The beaten foe will drop the sword.

America and France shall be

As true friends tried in days of yore.

While England lets the whole world see

She's with us now forevermore.

As brothers we'll stand, cemented with the great desire

To stop the hellish, Hunnish band,

Who filled the world with blood and fire.

As Allies we'll protect each flag,

Where'er it floats on land and sea,

On ocean, town or mountain crag,

With fine and perfect loyalty.

—New York World.

CAMP SOON READY AT CHILlicothe SITE

By American Press

Chillicothe, O., Aug. 30.—Camp Sherman will be ready to receive the first contingents of Ohio's quota for the new national army next Wednesday, it was announced at the cantonment here. Between 1,200 and 1,500 buildings are up. By Sunday the construction work will be 90 per cent complete, according to Captain Ward Dabney, constructing quartermaster.

General Edwin F. Glenn made it known that he will not close the camp to the relatives of the young men who are to occupy the cantonment. "These boys," he said, "are American citizens and they have the right to see their home folks at such times as is convenient and they are not employed in their duties."

—Donahay in Cleveland Plain Dealer.

575 PLUMBERS WALK OUT OF CHILlicothe

Demand 75c Per Hour and Strike When Not Granted—Will Be Permitted to Stay Out

CHILlicothe, O., August 30.—

Demanding 75 cents per hour instead of the 62 1-2 cents per hour which they agreed to work for when they came to work on Camp Sherman, 575 plumbers today walked out on the first strike at the camp.

Leaders urged the men to remain at work, but it is claimed a large number of the plumbers believed they would be paid the increase rather than allow the plumbing work to stop.

However, the men were dealt with promptly, and their places will be filled by new men at the old price.

The 575 strikers have been blacklisted and will not be employed on other cantonments under construction it is announced.

INCREASE COAL RATE.

COLUMBUS, Aug. 30.—The state utilities commission allowed to go into effect without affirmative action a 15 cent a ton increase on coal carried on Ohio railroads. The increase is effective today. Railroads filed the schedules for the increase simultaneously with the interstate commerce commission and Ohio public utilities commission sixty days ago.

CENTRAL TO BUILD TERMINAL.

CLEVELAND, Aug. 30.—That one of the largest railroad terminals in the country is to be constructed between West Park, a suburb of Cleveland, and Berea, six miles west of the city, was the report current here when it became known that more than 1,000 acres of land has been purchased by the New York Central railroad in that territory.

LEADERS URGED TO REMAIN AT WORK.

CLEVELAND, Aug. 30.—Leaders urged the men to remain at work, but it is claimed a large number of the plumbers believed they would be paid the increase rather than allow the plumbing work to stop.

However, the men were dealt with promptly, and their places will be filled by new men at the old price.

The 575 strikers have been blacklisted and will not be employed on other cantonments under construction it is announced.

OHIO NEWS

(By American Press)

CHILD FATALLY BURNED.

TOLEDO, Aug. 30.—Mrs. Arthur Mudd locked her four small children in the house when she went visiting. An overheated stove set fire to the building. Neighbors rescued three of the children unburnt. The youngest will die from burns.

WILL AID WHITLOCK.

TOLEDO, Aug. 30.—Charles T. Lewis, Jr., son of a prominent local attorney, has been appointed secretary to Brand Whitlock, minister to Belgium. The appointment of Lewis and his departure for Havre, France, last week was kept secret until this time by official orders.

DISTRICT CHIEFS NAMED.

TOLEDO, Aug. 30.—Mark Mennel, Ohio valley war flour administrator, announced appointment of several district chiefs. They are: B. W. Marr, Columbus; J. T. Hanley, Co-shooton; Carl Sims, Frankfort, Ind.; T. S. Blish, Seymour, Ind.; Robert Henkel, Detroit; F. L. King, Lowell, Mich.

CENTRAL TO BUILD TERMINAL.

CLEVELAND, Aug. 30.—That one of the largest railroad terminals in the country is to be constructed between West Park, a suburb of Cleveland, and Berea, six miles west of the city, was the report current here when it became known that more than 1,000 acres of land has been purchased by the New York Central railroad in that territory.

INCREASE COAL RATE.

COLUMBUS, Aug. 30.—The state utilities commission allowed to go into effect without affirmative action a 15 cent a ton increase on coal carried on Ohio railroads. The increase is effective today. Railroads filed the schedules for the increase simultaneously with the interstate commerce commission and Ohio public utilities commission sixty days ago.

CENTRAL TO BUILD TERMINAL.

CLEVELAND, Aug. 30.—Leaders urged the men to remain at work, but it is claimed a large number of the plumbers believed they would be paid the increase rather than allow the plumbing work to stop.

However, the men were dealt with promptly, and their places will be filled by new men at the old price.

The 575 strikers have been blacklisted and will not be employed on other cantonments under construction it is announced.

The home of Mrs. William Patterson, on E. Market street was the scene of a beautiful home wedding Wednesday afternoon at four o'clock when Miss Flora May Patterson became the bride of Mr. Earl Cleveland Baker, son of Mr. and Mrs. J. W. Baker of Williamsport.

The home was embowered in fall roses, cosmos and greenery, carrying out in graceful arrangement the prevailing tints of white and rose. The young couple plighted their troth in front of a luxurious bank of ferns and trailing green which screened the mantel of the living room.

Rev. William Boynton Gage performed the impressive ceremony, witnessed by twenty-five relatives and intimate friends.

Miss Gladys Post, of Cedarville, played the Lohengrin wedding march while the young couple took their places quite simply and without attention.

The bride looked extremely pretty in a modish gown of navy blue taffeta and georgette, singularly becoming to her pure blonde type. Her becoming away gown was a tailored suit of midnight blue French sorge, with small black velvet hat.

Following congratulations an elegant course wedding supper was served, the decorations prettily effective in pink and white.

Mr. and Mrs. Baker left amid a

Indiana Watermelons

The first car of the season due in this afternoon. These melons will be red ripe and sweet, and coming as they do from one of the largest melon growers in Indiana, you are assured of sweet, crisp melons. Probable price—

40c and 50c

Canning Tomatoes

Now, we think is the time to put up your tomatoes, they are good size, smooth and of good color. They may probably be cheaper if weather conditions are favorable, but you never can tell. Anyhow, the quality will never be better. We advise canning now.

shower of rice for a short wedding trip, after which they will reside for the winter with the bride-groom's parents, near Williamsport.

In the Spring they will go to house keeping near Mt. Sterling, where Mr. Baker, who is a progressive young farmer, will operate a farm.

The best wishes of friends galore in this city and in Williamsport will accompany the young couple to their new home.

The bride is a talented musician, a graduate of the Stinson Conservatory who has frequently been heard in concert programs in Washington. Her removal to a new home is much regretted.

Among the out of town guests were the bride-groom's parents, Mr. and Mrs. J. W. Baker, sisters, Misses Marcia and Helen; grandmother, Mrs. Baker, aunt, Miss Mary Baker, Mr. and Mrs. Howard Jennings, daughter, Louise; Mrs. Smith, Miss Margaret Brown, Mr. Howard Smith, of Williamsport; Mrs. R. C. Patterson, son Herbert, Mr. H. B. Patterson, of Wilmington; Miss Maude Patterson, of Columbus; Miss Gladys Post, of Cedarville.

Mr. and Mrs. Charles U. Armstrong entertained Wednesday at an elaborate noon dinner, Prof. William Westhaver, of Amherst College, Amherst, Mass., Mrs. Westhaver and two sons, Robert and James, who are visiting Mrs. Westhaver's parents, Mr. and Mrs. Lewis H. Parrett, of the Prairie pike, Mr. and Mrs. Ford Ervin, daughters, Louise and Martha, of Bookwalter.

Miss Jeanette Weaver entertained the "Sour Pickles" Wednesday night with a jolly shambler party in honor of Miss Jean Fitzgerald, who leaves Tuesday for her new home in Columbus and Miss Charlotte Harper of La Fontaine, Ind., who is visiting here.

The meeting of the Priscilla Class with Mrs. J. C. Michaels was in the nature of a "Home Coming," very fully enjoyed by thirty-five women.

A pleasing program, in charge of Mrs. Lillian Selman was opened by Gwendolyn Wolfe with a pretty piano solo.

There were readings by Mrs. Bess Arnold, of Grand Rapids, Mich., Mrs. John VanGundy and Mrs. Dues.

Vocal duets by Misses Frances and Delma Snider, Mrs. J. C. Michael and Miss Hazel Snider.

A picnic lunch was a feature of the afternoon. There were a number of out of town guests, including Mrs. A. E. Baum, of Springfield; Mrs. Ira Buckley, of Dayton; Mrs. Bess Arnold, Grand Rapids, Mich., Mrs. Virginia Smith, Jamestown.

Despite the threatening rain, nearly forty employees of Craig Bros. store, motored out to the beautiful camping grounds at Cedar Hurst, Wednesday afternoon, and thoroughly enjoyed picnicking in picturesque grounds, with attending pleasures provided by the waters of Paint Creek.

Toward dusk the merry crowd gathered around a huge bonfire and the hour which followed was the climax of the day's delight roasting hamberger in the flames and serving them hot and spicy with appetizing accessories.

The Ladies Aid of M. P. Church at Milledgeville were graciously entertained at the country home of Mrs. Wm. Hewitt, on the Jamestowne property, Wednesday afternoon.

Nearly every member of the society was present and thoroughly enjoyed the afternoon devoted to club discussion and social chat.

Misses Minnie and Lucy Graves assist the hostess in entertaining and serving a delicious luncheon.

PERSONALS

Mr. Richard James, of Indianapolis, Indiana, is the guest of Mr. Robert James and family, of the Waterloo pike.

Mr. and Mrs. Leroy Engle attended the state fair Wednesday.

Mr. and Mrs. Virgil Post, Mr. C. S. Kelly and Miss Emma Wilson motorized to the State Fair Thursday.

Misses Ethel Wilson, Miriam Fite and Louise Weaver are spending the weekend in Columbus.

Mr. Joseph L. Taggart and daughter Catherine are spending the week in Delaware.

Mr. and Mrs. J. W. Wilson, Mr. and Mrs. Forest Horne and children of Dayton attended the State Fair Thursday.

Mr. and Mrs. Jack Burns are in Springfield called by the death of Mrs. Burns' mother.

Mrs. John Paul, Mrs. J. W. Elliott, Mr. and Mrs. T. C. McArthur of Madison Mills attended the State Fair Wednesday.

Paul Craig is spending Thursday in Columbus.

Mr. and Mrs. Hull Wilson, daughter, Miss Carol, and Mr. Jos. A. Wright motored from Muncie, Ind. and are the guests of Mr. and Mrs. W. W. Ellis, Circle Ave. and other relatives. Thursday Mr. and Mrs. Wilson, Mr. and Mrs. John A. Smith motored to Columbus for a couple of days stay.

County Auditor Glenn M. Pine and County Commissioner Louis Perrill were business visitors in Columbus, Thursday, attend a conference at the State Tax Commission's office.

Mr. and Mrs. Edgar Snider, Mr. and Mrs. R. S. Sanderson motored to Columbus Wednesday to attend the fair.

Mr. and Mrs. Bruce Pine were visitors at the State Fair Wednesday.

Mrs. S. O. Morris and daughter, Corda were called to Toledo, Wednesday, by the death of Mrs. Morris' mother, Mrs. Abram Miller.

Mr. David N. Parker of S. North street, left this morning for Detroit, Mich., to visit his brother, Mr. Boyd Parker, and will also visit Mr. and Mrs. J. T. Bolding of Plymouth, Mich.

Mrs. Harry Abbott and little daughter Jean have returned from a visit in Wilmington, where they visited Mr. Abbott's sister, Mrs. Charles Basch.

Thomas Loudner left Wednesday for a week's visit with friends in Wellston.

Rev. Arthur P. Cherrington returned Wednesday night from a vacation trip to Lakeside and Westerville, where he visited his brother for several weeks. He also attended the Cherrington reunion in Gallipolis.

Mrs. Elizabeth Cherrington remains in Westerville until the first of the week.

Miss Olive Hillery returned Thursday from a visit with her grandfather, Mr. Eli Wilson, in Greenfield.

Mr. Virgil Willis, who is now operating a farm near Hillsboro, is visiting here.

SUNDAY'S GAME AT WILMINGTON

Base ball fans of Fayette and Clinton county are looking forward to next Sunday with keen expectations as upon that day the fast Wilmington and Washington teams will meet at North End Park for the sixth game of the series. Wilmington has won three games and Washington two, thus insuring a spirited contest Sunday. All the Wilmington players who were absent last Sunday on account of elimination games in their home cities will be back in the line up and Washington has four or five new men, one of them, it is rumored, being a pitcher of big league caliber, who has been imported for the occasion as it is a case of "do or die" in this game for the Fayette County pets. A large delegation of fans will be down from Washington.

The Wilmington line-up will be: Reiley, catch; Heironimus, pitch; Corwin, short; Nesser, first; Martin, second; Frey, third; Emery, left; Gleich, center; Grady, right; Camp, Pohmeyer and Davis substitutes.

Wilmington News.

London, Aug. 30.—An increase in the number of British vessels sunk last week by mines or submarines is shown by the weekly admiralty statement. Eighteen vessels of more than 1,600 tons were sent to the bottom, as compared with 16 the previous week, and 5 vessels of less than 1,600 tons, as against three the previous week. No fishing vessels were sunk.

CLOUTURE PROPOSAL ON WAR TAX BILL

By American Press

Washington, Aug. 30.—With a speech by Senator Underwood in support of a new substitute by Senator Bankhead which would substantially increase the amount of the levy as now proposed by the committee, the debate in the senate on the war tax bill got under way.

Petitions for cloture signed by fifty-six senators to limit debate and force early passage of the war tax bill were presented by Senator Simmons, in charge of the bill. A vote on cloture can not be taken under the rules before tomorrow.

Increase of the bill's levy on war profits from \$56,000,000 to \$1,060,000,000 was proposed in amendments presented by Senator Simmons for a majority of the finance committee, designed as a compromise to prevent more radical increases.

The senate made changes in the bill which, including the almost doubled levy on war profits proposed by

the committee, would bring its total to \$2,522,470,000.

Provision for a 5 per cent special income tax on publishers to raise \$7,500,000 was stricken out without a roll call.

In lieu of the house zone system for increasing second-class postage rates by \$19,000,000 and the finance committee's substitute proposing a flat rate instead of one-fourth cent a pound, estimated to raise \$3,000,000, the senate by a vote of 46 to 35 substituted Senator Kellar's zone system to raise \$12,000,000 additional. An effort to strike out the section entirely and leave present postage rates unchanged will be made later.

Senator Stone, chairman of the foreign relations committee, vigorously attacked critics who have charged him with being a pro-German sympathizer, and defended his attitude on war measures.

Final disposition of the bill early next week is Senator Simmon's aim, in formally initiating cloture. Few senators, however, expect that it will be necessary for the senate to adopt or even vote on the cloture rule. Before seeking action on cloture Senator Simmon's plans to ask and hope to secure unanimous consent to fix a date for a final vote on the bill.

K. E. S. Presents the Most Popular Light Comedy Star

Bryant Washburn

Star of "Skinner's Dress Suit," "Skinner's Bubble," and numerous other screen comedies in an adaptation of Henry S. Rowland's novel

"FILLING HIS OWN SHOES"

With "Honey" Daley, of the Skinner Series, Co-Starring.

SYNOPSIS:

Richard P. Ruggles, an American shoe clerk out of a job in Paris, France, joins the Red Cross forces in the Balkan war. During a fierce action he rescues a wounded Turk from the field. The latter dies, but in gratitude to Ruggles bequeathes him his fortune of \$1,500,000. The will stipulates, however, that Ruggles must also accept the guardianship of the Turk's three beautiful wards—Roxana, Rosa and Bulbul. The shoe clerk moves with his fortune and the three Turkish maidens to Paris. Here he renews his acquaintance with Ruth Downing, daughter of his former employer. The two fall in love with each other, whereat Roxana is driven

to a jealous fury. She, too, loves Ruggles Effendi.

The Turkish girl attacks Ruth, attempting to hurl vitriol into her eyes, but Ruggles intercepts her action. Roxana escapes, later marrying a young Parisian. Believing that Ruggles had been involved in some intrigue with Roxana, Ruth renounces her love for him.

But the shoe salesman's former experience comes to his aid. For, using the same persuasive powers he had gained in selling shoes, he convinces Ruth of his innocence and she marries him.

RECORD NUMBER OF ARRESTS ARE MADE

Crime has been plentiful in the city and county during the past month, and the number of arrests made in the city has been the largest in the same length of time in recent years. In the police court alone 34 arrests have been made in less than four weeks' time, and most of the arrests were for other offenses than drunkenness.

The number in the county jail the first of this week was 13, the largest number at one time for years.

THREE INJURED ARE RECOVERING

David Brumley, daughter, Mrs. Grace Kipka and daughter Virginia, are recovering from the serious injuries sustained Sunday afternoon when B. & O. train No. 33 struck their automobile and seriously injured them, killing Mrs. David Brumley.

It is expected that the trio will soon be fully recovered. They had been attending the Gilliland Reunion near Orient and were on their way to their home in Fostoria when the accident occurred.

WHELPLEY BAND TO GIVE TWO CONCERTS

Tonight the Whelpley Band goes to Wilmington for a concert at that place, and tomorrow night will give a concert at Rogers Park, two miles north of Bloomingburg.

It is expected that a large number will go to Wilmington tonight and that an even larger number will enjoy the delightful drive to Rogers Park—the loveliest park in Fayette county, which has been placed in readiness for the event.

DIVORCE GRANTED

A divorce, on the grounds of desertion, has been granted to Mrs. Lillian Wood Kelly from her husband, Thos. Kelly, formerly of this city, in Pittsburgh, and restored to her maiden name of Lillian Wood. Miss Wood is well known throughout Fayette county, having visited numerous relatives here at various times.

RED CROSS PLANS FOR PRISONERS RELIEF

The American Red Cross has perfected plans to care for Americans who may be captured and held in German prison camps. A prisoners' relief committee has been organized at Berne, Switzerland, under the supervision of Ellis L. Dresel, of the American Legion. Mr. Dresel served from the outbreak of the war in 1914 to our breaking off diplomatic relations as an attaché of the American Embassy at Berlin, where his duties included relief work for men of the Entente nationalities in German prison camps.

Today only about 100 American prisoners are held in Germany. Most of these are civilians taken off American merchantmen that have been sunk by Teuton submarines. More recent arrivals in the prison camps had served as gun crews, since the arming of our merchant ships.

Speedy provision for their relief and for those who may be taken prisoner is necessitated by the German policy of giving their prisoners war food to totally inadequate to keep men in good health. The extremely high death rate among Russian, Serbian and Roumanian prisoners in Germany and Austria (30 per cent in the case of the Roumanians) has been largely due to the inability of Russia and the Balkan states to organize the rationing of prisoners of their nationalities from their home countries.

A recent cable dispatch from Paris tells of a French soldier just back from a German prison camp and in the last stage of tuberculosis. This soldier was one of a battalion of a thousand young men and healthy men captured in a body, early in the war. More than fifty per cent of the number are now dead, or have been returned to France, via Switzerland, as incurables.

Malnutrition, no less than unsanitary conditions, produces these results. British, Canadian and Australian prisoners of war in Germany now depend exclusively upon food shipped to them from London, and generally give the prison camp ration to prisoners of other countries, who are, as a rule, less well provided.

Bread is already being dispatched from Berne to the Americans in Germany, and arrangements have also been made for transmitting letters and money from their families and friends in this country.

Thus far only bread has been supplied by the Berne Committee of the American Red Cross. Assorted food parcels and clothing will also be forwarded soon. In the meantime the Central Prisoners of War Committee, of London, is acting on behalf of American prisoners in Germany, sending them such foods as the Committee regularly despatches to British and colonial prisoners.

By arrangement with Germany, these food parcels are sent to the prisoner three times a fortnight. These parcels supplement the bread which is also regularly supplied, and each of them contains ten pounds of meat, butter, sugar, jam, coffee or tea, salt, rice and dried fruit. The American Red Cross is forwarding to Berne stocks of the same foodstuffs, as well as cheese, evaporated milk, codfish, and mixed biscuit. Tinned goods cannot be sent to prisoners, for Germany has made over the tin containers as hand grenades.

Ninety-five per cent of the British packages sent into Germany, with postal card receipts to be mailed back by the prisoner, have been duly received for. The American Red Cross

OATS MUST GIVE WAY TO WHEAT

By Associated Press Dispatch.

COLUMBUS, O., August 30.—"Oats is a crop which must give way to wheat," says a bulletin just issued by the agricultural college extension service of Ohio State University. "At present prices, the market value of an acre of oats is not so high as the

market value of the same acre of wheat. Those whose opinions are worth most, feel confident that the present demand for wheat will continue for some time.

If the wheat crop fails there is still a chance for oats. The Ohio Soil and Crop Improvement committee, therefore, feels safe in urging the substitution of wheat for oats both as a patriotic duty and as a good business proposition.

COMPLETE VICTORY IS NECESSARY SAYS JAPANESE STATESMAN

Viscount Ishii, in Address Before U. S. Senate, Declares Purposes for Entering War.

Would Make World Safe for All So That Nations Can Work Out Destinies Untrampled by Fear.

By Associated Press Dispatch. WASHINGTON, August 30—Japan's mission, led by Viscount Ishii, was received today by the Senate at a ceremony at which Senator Salisbury, president pro tem, welcomed the visitors in the absence of Vice President Marshal, and Viscount Ishii made an address bearing a message of friendship and good will.

Viscount Ishii addressed the Senate part as follows:

"We of Japan took up arms against Germany because a solemn treaty was not to us 'a scrap of paper.' We did not enter into this war because we had any selfish interest to promote or any illconceived ambition to gratify. We are in the war, insist upon being in it, and we shall stay in it because earnestly as a nation and as individuals we believe in the cause for which we stand, because we believe that only by a complete victory can there be made an honorable and permanent peace so that this world can be made safe for all to live in and that all nations can work out their destinies untrampled by fear."

"Mr. President and gentlemen, whatever the critic has informed or the higher slanderer may say against us, in forming your judgment of Japan only use the splendid ability that guides this nation."

"The criminal plotter against our great neighborhood takes advantage of fact that at this time many things must remain untold and unrecorded in the daily newspapers but we are satisfied we are doing our best."

"In this world, as we move together to a certain victory, America and Japan must have many things in which we can help the other. We have much in common and much to do in concert. That is the reason I have been sent and that is the reason you have received me."

Associated Press Cable.

COPENHAGEN, August 30.—The Berlin Lokal Anzeiger reports that the entire Polish council of state has resigned.

The great underlying cause responsible for the decision to abandon its attempt to organize a government under the proposed German protectorate is said to be the change in the Polish attitude resulting from the Russian revolution.

The direct reasons to be sought, however, are in the great hesitation and delay of the Austro-Hungarian-German powers entrusting to the Polish authorities the conflict over the Polish army in which the Germans wish to incorporate their own forces and the German determination to exclude Lithuania from the new kingdom.

The Poles insist that the kingdom be proclaimed and have telegraphed Emperor William asking that Vilna be included in the protectorate.

When debate opened Senator Underwood spoke in favor of the substitute providing mainly for a tax of 75 per cent on profits based on capitalization of 20 per cent and over.

Pending today was a petition for cloture signed by 56 Senators in an effort to eliminate debate and hasten passage of the bill.

Senator Simmons who presented the petition will seek a unanimous consent to fix a date for vote on the measure before demanding action on cloture.

TEUTONS ADJOURN CONFERENCE UPON NOTE UNTIL LATER

Associated Press Cable.

COLUMBUS, O., August 30.—Special agents of the State Public Utilities Commission started an investigation today of reports that the Ohio railroads, overburdened with enormous traffic, are cutting out cars of perishable food products and sidetracking them.

Specific complaints were made against the Pennsylvania in a report to the Commission that cars of potatoes had been sidetracked and that the potatoes were allowed to decay.

Two inspectors under direction of James Dugan, chief inspector, were sent to the scene at the request of the Ohio War Board.

Data collected on coal mining costs will be added to that already in the hands of the Federal Trade Commission and used by the President in fixing the cost of coal at Ohio mines.

Trieste the Objective of Italian Attack

One of the two pictures shows a panoramic view of the city of Trieste against which the Italian attacks are aimed. Loss of this city will be a very severe blow to the Austrian cause. The other picture illustrates the manner in which Italian wounded are carried by cable down the steep mountains which have barred the Italian's way to Trieste. This city is the principal sea port of Austria-Hungary and the most important depot for the trade of the empire on the Adriatic. It is a bishop's see, the seat of an imperial academy, has a school of navigation and many other schools and educational institutions. There are also extensive manufacturing establishments. Trieste existed in Roman days, but became im-

portant only about the middle of the eighteenth century, when its growth was fostered by the Empress Maria Theresa.

DEBATE UPON WAR PROFITS IS UNDER WAY

Petition for Cloture Is Still Pending and May Not Be Brought Into Effect.

By Associated Press Dispatch. WASHINGTON, August 30.—The long expected Senate debate on war profits, features of the war tax bill, was in full swing today, following the disposal of the publishers.

Factions favoring even higher levies on war profits than the compromise measure were prepared to support the bill.

When debate opened Senator Underwood spoke in favor of the substitute providing mainly for a tax of 75 per cent on profits based on capitalization of 20 per cent and over.

Pending today was a petition for cloture signed by 56 Senators in an effort to eliminate debate and hasten passage of the bill.

Senator Simmons who presented the petition will seek a unanimous consent to fix a date for vote on the measure before demanding action on cloture.

AMSTERDAM, August 30.—The committee named by the German Chancellor to consider a reply to the peace note held its first session Tuesday. Chancellor Michaelis presided at the meeting which lasted about two and one-half hours. The session adjourned until the results of the discussion were available from Vienna, Constantinople and Sofia.

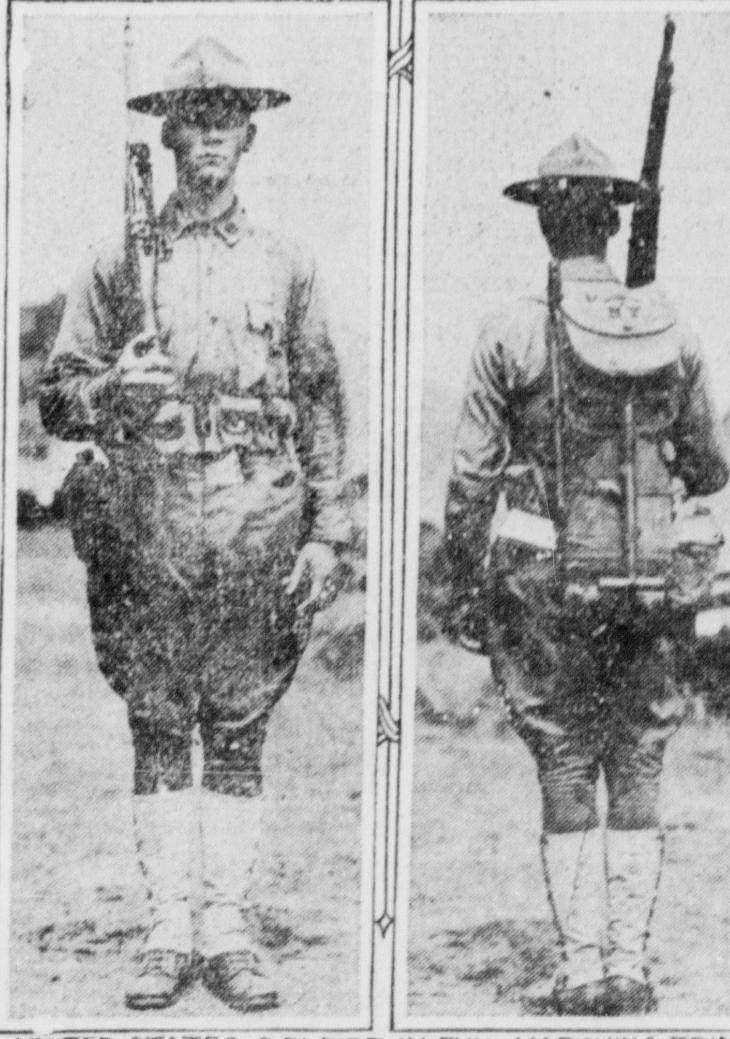

These two pictures show a fully equipped American soldier with his kit. The outfit includes the portable tent upon which so much care has been expended of late, to provide a shelter that shall be easily erected and taken down light in weight and portable.

ACCESSORY MEN ARE INDICTED

Associated Press Dispatch.

NEW YORK, August 30.—Sixteen manufacturers of auto accessories and Wm. B. Webster, commissioner of the National Association of Auto Accessory Jobbers, and nearly a score of other individuals were indicted today under the Sherman law, charged with conspiracy in restraint of trade.

Here's a Yankee Soldier With His Full Equipment For War

AFTER WAR PLANS MADE BY BRITISH

Associated Press Cable.

London, August 30.—The Joint Committee of Labor Problems after the war is pressing for an immediate decision as to the government's housing policy and declares that 1,000,000 houses ought to be completed within four years from the declaration of peace.

The cost is placed at 250,000,000 pounds including a sinking fund to repay the whole debt within 60 years.

COMPARATIVE QUIET FOLLOWS STORM ON WEST BATTLE FRONT

JOHN MARSHAL LAW SCHOOL SUSPENDS

By Associated Press Dispatch.

Cleveland, O., August 30.—Announcement has been made by officials of the John Marshall School of Law here that the institution has become affiliated with Ohio Northern university at Ada, Ohio. Future graduates of the law school, which will continue here, will receive their degrees from that university.

ALARM CLOCK BOMB FOUND IN ELEVATOR

Ohio Fire marshal investigating attempt to Destroy a Grain Elevator Near Cambridge.

By Associated Press Dispatch.

COLUMBUS, O., August 30.—Investigators of the State Fire Marshal's office were in Guernsey county today to investigate an attempt to blow up a large grain elevator owned by F. H. Nicholson, near Cambridge.

State Fire Marshal Flemming announced today that an infernal machine with an alarm clock attachment was found in the grain house.

Efforts are being made to determine why it was desired to blow up the elevator. The investigators have not yet made their report and it is not known whether to attribute the action to a German plot, personal enmity or because of Mr. Nicholson's activity in prohibition campaigns.

ANOTHER U. S. VESSEL SUNK

Associated Press Cable.

LONDON, August 30.—The American schooner Laura C. Anderson was sunk by bombs from a submarine on Thursday.

All members of the crew were picked up and landed at an English port.

The vessel was a four master of 964 tons gross. She was built in 1891 at Bath, Maine, and was owned in Philadelphia.

By Associated Press Dispatch.

ABERDEEN, MD., August 30.—The legal contest over the will of the late John R. McLean, millionaire newspaper publisher, was ended today when the local courts granted the petition of Edward B. McLean, his only son, that he be appointed one of the executors of the estate. The trust company named as executor by the testator did not oppose the application.

The suit to set aside the will now abandoned, was brought on the ground that the late Mr. McLean was mentally incompetent to make his will and was subject to undue influence. The points of attack were on the trust and restrictions created by the testator which now remain as he drew them.

WILL ENDEAVOR TO FILL UP BREACH

Associated Press Cable.

PETROGRAD, August 30.—A great proportion of two Russian regiments in the Fokshani region on the Roumanian front left their trenches and retired yesterday, says today's official statement.

The dispersal of one of the regiments followed and measures have been taken to restore the position they evacuated.

M'CLEAN WILL CASE IS ENDED

By Associated Press Dispatch.

WASHINGTON, August 30.—The legal contest over the will of the late John R. McLean, millionaire newspaper publisher, was ended today when the local courts granted the petition of Edward B. McLean, his only son, that he be appointed one of the executors of the estate. The trust company named as executor by the testator did not oppose the application.

The suit to set aside the will now abandoned, was brought on the ground that the late Mr. McLean was mentally incompetent to make his will and was subject to undue influence. The points of attack were on the trust and restrictions created by the testator which now remain as he drew them.

SEVEN KILLED ON CROSSING

Associated Press Dispatch.

ABERDEEN, MD., August 30.—Seven men were killed and two others were seriously hurt at a Pennsylvania railroad crossing near here today.

The dead men were tomato pickers riding to work in a wagon which was struck by a train.

CHECK FOR \$2000 FROM THE JONES ESTATE IS GIVEN

Association Now in Good Financial Condition With \$700 Uncollected—Public Burning of the Mortgage Tomorrow Night

A check for \$2000, the amount subscribed conditionally by the late Hon Humphrey Jones, to the Y. M. C. A. campaign fund, was received by the management Thursday morning. As a result, at 8:30 Friday evening the mortgage on the Y. M. C. A. property will be publicly burned in the lobby.

With the amount just paid by the Humphrey Jones estate the total amount collected from the campaign for \$16000 which was held some time ago, amounts to more than \$16,500, with \$700 in good subscriptions remaining to be collected, and \$700 in cash in the treasury.

The amount of the mortgages cancelled by the payment of the Jones subscription amounts to \$1900. The Association now has all debts paid and a sum in the treasury sufficient to care for expenses for sometime to come.

The total income of the Y. M. C. A. each year amounts to approximately \$18000 and the total expenses \$6000, leaving a sum of \$1200 to be raised by subscription or otherwise. The board of directors hopes to increase the membership enough to care for this deficiency.

When the mortgages are cancelled

FEED For Hogs and Cattle

We have a lot of good feed from the Sears and Nichols Canning Factory splendid for hogs and cattle. A bargain well worth looking after at once in these days of high prices for feed. Call

SMALL NUMBER GO FROM THIS CITY

There was a big shrinkage in the number from this city and county attending the State Fair, Thursday, due chiefly to the rain, which quickly decided scores to remain at home rather than take the chance of spending a very damp and disagreeable day on the fair grounds or on the streets of Columbus.

The Wednesday attendance from Fayette was above the average, and most of those going motored up.

A large number of machines from other counties also passed through this city on the way to and from the Fair.

SECRETARY PATTON DELIVERS ADDRESS

To the business and professional men assembled for the noonday luncheon at the Y. M. C. A. Thursday, Secretary Walter Patton delivered his farewell address as secretary of the club.

Walter W. Smith, new Employment Bureau head, was the only new man present, and won his membership with a short speech.

No business of importance was discussed at the session, which was attended by about eighteen men.

WHO WILL KNIT FOR COMPANY M.?

The National League for Women's Service is undertaking to supply knitted sets to our own boys of Co. M. who may soon go to France to fight in the trenches. About 45 sets are already being knitted, but the League needs money to buy wool and knitters to complete the number of sets.

Let all citizens of town or county who are interested in furnishing those comforts for Co. M. either in money to buy wool or in doing the knitting report to Miss Amy Conn Treas of the League. It is only in this way that there comforts can go direct to Company M.

METHODISTS GET BUSY AT CAMP

During a recent visit of Bishop Wm. F. Anderson to Chillicothe, a committee composed of John P. Phillips, Jerry Morrow, Wilby Hyde, G. W. Plumly, C. M. Haynes, L. J. Thornton, Dr. S. T. Yaple, Dr. J. C. Jackson, Rev. J. V. Stone and Rev. C. B. Pyle; Mesdames C. V. Yaple, Manly Acton, J. V. Stone, Misses Lora Hackett and Ida Miesse was appointed.

The above named committee met at the office of Mr. John P. Phillips this week, and after electing Dr. J. C. Jackson president, Mr. J. H. Morrow, secretary, and Mr. Wilby G. Hyde, vice president, a resolution was passed to keep the Methodist churches open for the use of soldiers and guests at all times.

The committees will be in charge of entertainment daily.

A committee, composed of the following women, Mesdames Acton, Stone, Yaple and Misses Miesse and Hackett, were assigned the work of getting in touch with all Methodist women in town, who are willing to open a part of their home where soldiers can visit with their parents and guests until public reception rooms can be provided.

Rev. Pyle, Rev. Stone and Mr. Wilby G. Hyde were directed to wait upon the Public Health Department in the interest of increasing the number of health stations in town.

Haig Explains to Lloyd George Just How Things Stand in France

HAIG TELLS JOFFRE AND LLOYD GEORGE ALL ABOUT THE BRITISH ATTACK

Four outstanding figures in the present Franco-British situation are seen here as they were "snapped" at a recent confab just behind the battefront. Sir Douglas Haig, commander in chief of the British forces in the present time.

France, is imparting some important information to Premier Lloyd-George with Marshal Joffre an interested listener. On the left is M. Albert Thomas, the French minister of munitions, one of the "big" men of France at the present time.

that the corps is working hard in the sizzling sun and fighting gnats and mosquitoes.

TEACHERS SCARCE IN ROSS COUNTY

Ross county is facing a serious shortage of teachers owing to the great demand and also to the high board which they have to pay. Many teachers refuse to teach on account of the high board, one being asked eight dollars per week in Twin township.

The institute attendance was low on Wednesday, there being one hundred and fifty present. Many who came to attend could not get any place to stay in town and went home. A few have been coming in and out on the Bainbridge hack.

The county is short sixteen teachers, there being two sixteen in South Union township, five in Twin, one in Paint, one in Scioto, one in Harrison, one in Franklin, a principal at Frankfort and a high school principal in Liberty.

County Superintendent Whetstone wishes that any teachers having certificates and wanting to teach would get in touch with him soon.

The large majority of the schools will open the tenth of September. The county examinations will be held next Friday and Saturday, Aug 31 and Sept. 1—Chillicothe News.

WASHINGTON BUNCH ALL "WELL AND WARM"

SOCIAL

The Ladies' Aid Society of Camp Grove church will have an ice cream social on the lawn of Mrs. D. W. Cone, Bogus Road, Friday evening, August 31st.

Washington, Aug. 30.—A flying school for training 600 American aviators will be established immediately at Fort Worth, Tex., the war department announced. English instructors from Canadian schools will instruct American officers in training dyers for air service on the western front.

The State War Board Says Today:

Time was when farmers, and city gardeners, too, used their cellars to store vegetables for winter. Most cellars today have furnaces, making them too warm. But any cellar can be used if you know how: Partition off the part farthest from furnace and hot air pipes. Use brick, concrete or some other material substantial enough to keep out heat. Thin wood, of course, won't do. The storage place should allow plenty of fresh air. Only perfect and sound specimens of vegetables should be stored. Potatoes from blighted vines won't keep well. Root crops—such as carrots, parsnips, turnips, salsify, beets, etc.—can be kept in fine shape for winter use by storing in boxes between layers of moist, but not wet, sand. Do your bit to prevent food waste. Food left to rot in the garden is treason in wartime.

AUTUMN MILLINERY!

THE first section of the store which heralds the coming of Fall in its merchandise is the Hat section.

For some time the hats of colored felts and velours have been shown, and they are coming into more favor every day as the season approaches.

Yesterday we received a big shipment by express and another one this morning—and when we opened them, the girls just went into ecstasies over the beauty of the new models.

Dozens and dozens of handsome models—no two alike—fashioned from silk velvets in plum, purple, gold, terra cotta, chocolate and black—wide brim sailors, high crowns, neat little styles as well. Many of them have a touch of the military style, so popular just now.

Dainty little sport hats of white faille ribbon, turned up on the side. This model is called "Long Beach Hat" and is being featured everywhere.

An added attraction is the price feature—these are to be marked to sell at \$5.75.

and we doubt if such quality hats will be produced later in the season to sell at such a price. This is an opportunity to get the very newest millinery idea at an exceptional price.

These won't be here long at

\$5.75

Peace Proposal Rejected.

In a historical state paper,—in emphatic language which permits of no misconstruction, in ringing words, heard around the world, in words that will echo through all time while men live and struggle toward the light and freedom, as long as men have ideals and strive to attain them, President Wilson has rejected the peace proposal of the Pope.

Prefacing his history making reply, President Wilson expresses the highest regard for the dignity and force with which the proposal is presented and the human and generous impulses which prompted it, but makes it clear that there can be no peace in the world until Germany is either crushed or cured of the malady of Prussian militarism.

If anyone in all this round world heretofore entertained any doubt as to the cause of the war and the attitude of this nation, that doubt should now vanish.

The President's reply is a terrible indictment of Prussian militarism but one wholly warranted by the facts.

The world is arrayed in the last great battle with autocracy and the victory of the people may be postponed but cannot be denied.

It is plain also that the Chief Executive of the United States has been chosen as spokesman by the alliance of nations as the one best able to set forth the principles of world democracy.

While rejecting the proposal of the Pope, the door to further proposals embracing the real issue, is left wide open.

God grant that the German people, with whom only will the nations now deal, may soon awake and act. The world has waited for just such an honest outspoken arraignment of Prussian barbarity, intrigue, treachery and falsehood and clear and concise declaration of purpose as President Wilson has issued.

Sunflowers

If this particular locality can be accepted as typical of conditions throughout the state then Ohio may well dispute, this year, the claims of Kansas to be called the Sunflower state.

The "common old sunflower" has become gorgeous this year in the splendor of its beauty. There are all sizes, shapes and kinds of sunflowers this year in riotous profusion. Some of them are not much larger than the cultivated chrysanthemum and, save for the glorious golden color, resemble very much the popular fall roses but they don't cost near so much.

Sunflowers—especially the cultivated members of the family—are really radiant. They catch and hold the sun's rays in their golden color and brighten up a room with almost the cheer of the sun itself.

The seeds are cheap, the plants hardy and they will thrive in almost any kind of soil, make backyards more sightly and cover up many rickety fences or unsightly sheds.

This year hereabouts the sunflower has proven itself worth while as a thing of beauty and one of man's staunch and reliable friends in the plant kingdom.

The old saying that sunflowers keep away malaria—the old fashioned "chills and fevers" may not be absolutely correct, according to the best authorities, but they are so bright, so cheering and so beautiful, now since resourceful men have improved them, that we are not going to examine the best authorities in an effort to find out whether they are really beneficial to health.

We are going to keep right on believing that it's good for folks to have sunflowers growing in the old back yard.

Is the Submarine Conquered.

The unequivocal statement coming from such an acknowledgedly conservative source as The Wall Street Journal, that American inventive genius has mastered the submarine menace and that the piratical campaign of the German undersea raiders will soon be a horror of the past, is cheering to the people of the world.

We are encouraged, in view of the Journal's well established reputation for not being prone to jump to conclusions, to accept the statement as being warranted by facts as that publication assumes all responsibility for the conclusions announced.

The mastery of the U-boat has been attained by the perfection of devices which accurately locate the undersea craft and keep it within range until it is compelled to come to the surface when its destruction is assured.

The Journal not only announces the theory—which seems entirely practical, but supplements and reinforces that theory by the statement that actual trial tests of the utmost severity have resulted in proof of its absolute effectiveness.

With the submarine mastered Prussian militarism's last support and hope is gone.

Poetry For Today

THE THREE FLAG.

(By a Great-Great-Great-Grandson of Martha Washington.)

As roseate hues of morning grow
And day emerges from the night,
What do I see that stops the flow
Of blood to heart and dims the sight?

Three banners floating in the breeze,
So bravely waving side by side,
The first two come from o'er the seas.
The third is sure our country's pride
And God be praised that now at last
Three flags are streaming as if one;
Mistakes and errors of the past.

Have gone as mist before the sun.
Flesh of our flesh and bone of our
bone,
Brave England's colors wide are flung.

While noble France, her ensign thrown
Her loving greetings loud are sung.
And untold millions raise the skies
In loud acclaim unto our Lord.
That after all the sacrifice

The beaten foe will drop the sword.
America and France shall be
As true friends tried in days of yore,
While England lets the whole world see

She's with us now forevermore.
As brothers we'll united stand,
Cemented with the great desire
To stop the hellish, Hunnish band,
Who filled the world with blood and fire.

As Allies we'll protect each flag,
Where'er it floats on land and sea,
On ocean, town or mountain crag,
With fine and perfect loyalty.

—New York World.

CAMP SOON READY AT CHILLICOTHE SITE

By American Press

CHILLICOTHE, O., August 30.—Camp Sherman will be ready to receive the first contingents of Ohio's quota for the new national army next Wednesday. It was announced at the cantonment here. Between 1,200 and 1,500 buildings are up. By Sunday the construction work will be 90 per cent complete, according to Captain Wad Dabney, constructing quartermaster.

General Edwin F. Glenn made it known that he will not close the camp to the relatives of the young men who are to occupy the cantonment. "These boys," he said, "are American citizens and they have the right to see their home folks at such times as is convenient and they are not employed in their duties."

575 PLUMBERS WALK OUT OF CHILLICOTHE

Demand 75c Per Hour and Strike When Not Granted—Will Be Permitted to Stay Out

CHILLICOTHE, O., August 30.—Demanding 75 cents per hour instead of the 62 1/2 cents per hour which they agreed to work for when they came to work on Camp Sherman, 575 plumbers today walked out on the first strike at the camp.

Leaders urged the men to remain at work, but it is claimed a large number of the plumbers believed they would be paid the increase rather than allow the plumbing work to stop.

However, the men were dealt with promptly, and their places will be filled by new men at the old price.

The 575 strikers have been blacklisted and will not be employed on other cantonments under construction it is announced.

In Social Circles

The home of Mrs. William Patter-
son, on E. Market street was the
scene of a beautiful home wedding
Wednesday afternoon at four o'clock
when Miss Flora May Patterson be-
came the bride of Mr. Earl Cleveland
Baker, son of Mr. and Mrs. J. W.
Baker of Williamsport.

The home was embowered in fall
roses, cosmos and greenery, carrying
out in graceful arrangement the pre-
vailing tints of white and rose. The
young couple plighted their troth in
front of a luxuriant bank of ferns and
trailing green which screened the
mantel of the living room.

Rev. William Boynton Gage per-
formed the impressive ceremony,
witnessed by twenty-five relatives
and intimate friends.

Miss Gladys Post, of Cedarville,
played the Lohengrin wedding march
while the young couple took their
places quite simply and without at-
tendants.

The bride looked extremely pretty
in a modish gown of navy blue taffeta
and georgette, singularly becoming
to her pure blonde type. Her going
away gown was a tailored suit of
midnight blue French serge, with
smart black velvet hat.

Following congratulations an ele-
gant course wedding supper was
served, the decorations prettily effec-
tive in pink and white.

Mr. and Mrs. Baker left amid a

shower of rice for a short wedding
trip, after which they will reside for
the winter with the bride-groom's
parents, near Williamsport.

In the Spring they will go to house
keeping near Mt. Sterling, where Mr.
Baker, who is a progressive young
farmer, will operate a farm.

The best wishes of friends galore
in this city and in Williamsport will
accompany the young couple to their
new home.

The bride is a talented musician,
a graduate of the Stinson Conserva-
tory who has frequently been heard
in concert programs in Washington.
Her removal to a new home is much
regretted.

Among the out of town guests were
the bride-groom's parents, Mr. and
Mrs. J. W. Baker, sisters, Misses
Marcia and Helen; grandmother,
Mrs. Baker, aunt, Miss Mary Baker,
Mr. and Mrs. Howard Jennings,
daughter, Louise; Mrs. Smith, Miss
Margaret Brown, Mr. Howard Smith,
of Williamsport; Mrs. R. C. Patter-
son, son Herbert, Mr. H. B. Patter-
son, of Wilmington; Miss Maude
Patterson, of Columbus; Miss Gladys
Post, Cedarville.

Mr. and Mrs. Charles U. Armstrong
entertained Wednesday at an Elabor-
ate noon dinner, Prof. William West-
haver, of Amherst College, Amherst,
Mass., Mrs. Westhaver and two sons,
Robert and James, who are visiting
Mrs. Westhaver's parents, Mr. and
Mrs. Lewis H. Parrett, of the Prairie
pike, Mr. and Mrs. Ford Ervin,
daughters, Louise and Martha, of
Bookwalter.

Miss Jeanette Weaver entertained
the "Sour Pickles" Wednesday night
with a jolly slumber party in honor
of Miss Jean Fitzgerald, who leaves
Tuesday for her new home in Colum-
bus and Miss Charlotte Harper
of La Fontaine, Ind., who is visit-
ing here.

The meeting of the Priscilla Class
with Mrs. J. C. Michaels was in the
nature of a "Home Coming," very
fully enjoyed by thirty-five women.
A pleasing program, in charge of
Mrs. Lillie Setzman was opened by
Gwendolin Wolfe with a pretty
piano solo.

There were readings by Mrs. Bess
Arnold, of Grand Rapids, Mich., Mrs.
John VanGundy and Mrs. Dues.

Vocal duets by Misses Frances
and Delma Snider, Mrs. J. C. Michael
and Miss Hazel Snider.

A picnic lunch was a feature of the
afternoon. There were a number of
out of town guests, including Mrs.
A. E. Baum, of Springfield; Mrs. Ira
Buckley, of Dayton; Mrs. Bess Arn-
old, Grand Rapids, Mich., Mrs. Vir-
ginia Smith, Jamestown.

Despite the threatening rain, nearly
forty employees of Craig Bros. store,
motored out to the beautiful camp-
ing grounds at Cedar Hurst, Wednes-
day afternoon, and thoroughly enjoyed
picnicking in picturesque
grounds, with attending pleasures
provided by the waters of Paint
Creek.

Toward dusk the merry crowd
gathered around a huge bonfire and
the hour which followed was the
climax of the day's delight roasting
hamburger in the flames and serv-
ing them hot and spicy with appetiz-
ing accessories.

Indiana Watermelons

The first car of the season due in
this afternoon. These melons will
be red ripe and sweet, and coming
as they do from one of the largest
melon growers in Indiana, you are
assured of sweet, crisp melons.
Probable price—

40c and 50c

Canning Tomatoes

Now, we think is the time to put
up your tomatoes, they are good
size, smooth and of good color. They
may probably be cheaper if weather
conditions are favorable, but you
never can tell. Anyhow, the qual-
ity will never be better. We ad-
vise canning now.

\$1.00 the bushel

Sweet Corn

The finest corn of the season is
coming into market now. Many
people are drying it and putting it
away for winter. It is fine right
now and will be mighty good this
winter.

15c the dozen

Bulk Stuffed Olives

New Keg of fancy manzanilla olives
stuffed with finest Spanish pimento.

30c the pint

Barnett's Grocery The Best Always

The Ladies Aid of M. P. Church at
Milledgeville were graciously
entertained at the country home of
Mrs. Wm. Hewitt, on the Jamestown
pike, Wednesday afternoon.

Nearly every member of the so-
ciety was present and thoroughly en-
joyed the afternoon devoted to club
discussion and social chat.

Misses Minnie and Lucy Graves as
sister the hosts in entertaining and
serving a delicious luncheon.

CLOUTURE PROPOSAL ON WAR TAX BILL

(By American Press)

Washington, Aug. 30.—With a speech by Senator Underwood in support of a new substitute by Senator Bankhead which would substantially increase the amount of the levy as now proposed by the committee, the debate in the senate on the war tax bill got under way.

Petitions for cloture signed by fifty-six senators to limit debate and force early passage of the war tax bill were presented by Senator Simmons, in charge of the bill. A vote on cloture can not be taken under the rules before tomorrow.

Increase of the bill's levy on war profits from \$562,000,000 to \$1,060,000,000 was proposed in amendments presented by Senator Simmons for a majority of the finance committee, designed as a compromise to prevent more radical increases.

The senate made changes in the bill which, including the almost doubled levy on war profits proposed by

the committee, would bring its total to \$2,522,470,000.

Provision for a 5 per cent special income tax on publishers to raise \$7,500,000 was stricken out without a roll call.

In lieu of the house zone system for increasing second-class postage rates by \$19,000,000 and the finance committee's substitute proposing a flat rate instead of one-fourth cent a pound, estimated to raise \$3,000,000, the senate by a vote of 40 to 25 substituted Senator Kellar's zone system to raise \$12,000,000 additional. An effort to strike out the section entirely and leave present postage rates unchanged will be made later.

Senator Stone, chairman of the foreign relations committee, vigorously attacked critics who have charged him with being a pro-German sympathizer, and defended his attitude on war measures.

Final disposition of the bill early next week is Senator Simmons' aim. In formally initiating cloture. Few senators, however, expect that it will be necessary for the senate to adopt or even vote on the cloture rule. Before seeking action on cloture Senator Simmons plans to ask and hope to secure unanimous consent to fix a date for a final vote on the bill.

K. E. S. Presents the Most Popular Light Comedy Star

Bryant Washburn

Star of "Skinner's Dress Suit," "Skinner's Bubble," and numerous other screen comedies in an adaptation of Henry S. Rowland's novel

"FILLING HIS OWN SHOES"

With "Honey" Daley, of the Skinner Series, Co-Starring.

SYNOPSIS:

Richard P. Ruggles, an American shoe clerk out of a job in Paris, France, joins the Red Cross forces in the Balkan war. During a fierce action he rescues a wounded Turk from the field. The latter dies, but in gratitude to Ruggles bequeathes him his fortune of \$1,500,000. The will stipulates, however, that Ruggles must also accept the guardianship of the Turk's three beautiful wards—Roxana, Rosa and Bulbul. The shoe clerk moves with his fortune and the three Turkish maidens to Paris. Here he renews his acquaintance with Ruth Downing, daughter of his former employer. The two fall in love with each other, whereat Roxana is driven to a jealous fury. She, too, loves Ruggles.

The Turkish girl attacks Ruth, attempting to hurl vitriol into her eyes, but Ruggles intercepts her action. Roxana escapes, later marrying a young Parisian. Believing that Ruggles had been involved in some intrigue with Roxana, Ruth renounces her love for him.

But the shoe salesman's former experience comes to his aid. For, using the same persuasive powers he had gained in selling shoes, he convinces Ruth of his innocence and she marries him.

Boat shaped is this turban of black parme velvet with a iridescent beaded fancy. But the ailerons indicate at once the hydroaeroplane tendency that new millinery favors.

RED CROSS PLANS FOR PRISONERS RELIEF

The American Red Cross has perfected plans to care for Americans who may be captured and held in German prison camps. A prisoners' relief committee has been organized at Berne, Switzerland, under the supervision of Ellis L. Dresel, of the American Legion. Mr. Dresel served from the outbreak of the war in 1914 to our breaking off diplomatic relations as an attaché of the American Embassy at Berlin, where his duties included relief work for men of the Entente nationalities in German prison camps.

Today only about 100 American prisoners are held in Germany. Most of these are civilians taken off American merchantmen that have been sunk by Teuton submarines. More recent arrivals in the prison camps had served as gun crews, since the arming of our merchant ships.

Speedy provision for their relief and for those who may be taken prisoner is necessitated by the German policy of giving their prisoners war food totally inadequate to keep men in good health. The extremely high death rate among Russian, Serbian and Roumanian prisoners in Germany and Austria (30 per cent in the case of the Roumanians) has been largely due to the inability of Russia and the Balkan states to organize the rationing of prisoners of their nationalities from their home countries.

A recent cable dispatch from Paris tells of a French soldier just back from a German prison camp and in the last stage of tuberculosis. This soldier was one of a battalion of a thousand young men and healthy men captured in a body, early in the war. More than fifty per cent of the number are now dead, or have been returned to France, via Switzerland, as incurables.

Malnutrition, no less than unsanitary conditions, produces these results. British, Canadian and Australian prisoners of war in Germany now depend exclusively upon food shipped to them from London, and generally give the prison camp ration to prisoners of other countries, who are, as a rule, less well provided.

Bread is already being dispatched from Berne to the Americans in Germany, and arrangements have also been made for transmitting letters and money from their families and friends in this country.

Thus far only bread has been supplied by the Berne Committee of the American Red Cross. Assorted food parcels and clothing will also be forwarded soon. In the meantime the Central Prisoners of War Committee, of London, is acting on behalf of American prisoners in Germany, sending them such foods as the Committee regularly despatches to British and colonial prisoners.

By arrangement with Germany, these food parcels are sent to the prisoner three times a fortnight. These parcels supplement the bread which is also regularly supplied, and each of them contains ten pounds of meat, butter, sugar, jam, coffee or tea, salt, rice and dried fruit. The American Red Cross is forwarding to Berne stocks of the same foodstuffs, as well as cheese, evaporated milk, codfish, and mixed biscuit. Tinned goods cannot be sent to prisoners, for Germany has made over the tin containers as hand grenades.

Ninety-five per cent of the British packages sent into Germany, with postal card receipts to be mailed back by the prisoner, have been duly received for. The American Red Cross

OATS MUST GIVE WAY TO WHEAT

By Associated Press Dispatch.

COLUMBUS, O., August 30.—"Oats is a crop which must give way to wheat," says a bulletin just issued by the agricultural college extension service of Ohio State university. "At present prices, the market value of an acre of oats is not so high as the

market value of the same acre of wheat. Those whose opinions are worth most, feel confident that the present demand for wheat will continue for some time.

If the wheat crop fails there is still a chance for oats. The Ohio Soil and Crop Improvement committee, therefore, feels safe in urging the substitution of wheat for oats both as a patriotic duty and as a good business proposition.
